

# How to Recycle Right!

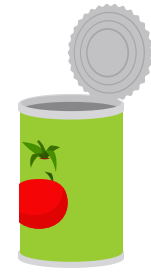

## Always Recycle

Glass Jars & Bottles  
w/out lids

Bottles, Tubs, Jugs  
(w/ lids attached)

Tin Cans

Aluminum Cans  
plz don't crush  
remove stickers & wrappings

Newspaper, Paper,  
Office/Mixed Paper

Magazines & Junk Mail

Paperboard  
no frozen food boxes

## Always Trash

- Plastic Bags *includes grocery and trash bags*
- Broken Stemware or Ceramics
- Small Plastics *utensils, cold/hot drink lids, dressing cups*
- #7 PLA Plastic
- Styrofoam

When in doubt, throw it out!

Don't be a drag, dump out your bag!

## How to Sort Those "Always Recycle" Items

DO YOU USE...

1 BIN  
(SINGLE-STREAM)

Single-stream (1 bin) recycling means you to put all recyclables into the same bin.

Note that most businesses use single-stream.

- > VAIL VALLEY WASTE
  - > WASTE MANAGEMENT
  - > VAIL HONEYWAGON
- all other residential pick up aside from the dual stream communities on the right.

OR

2 BINS  
(DUAL-STREAM)

Dual-stream (2 bins) recycling means that you separate your plastics, glass, cans, bottles from the paper and paperboard. In dual-stream, cardboard is not collected curbside and should be taken to a drop-site.

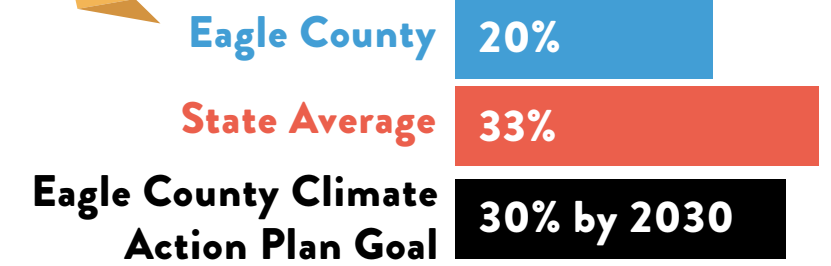

- > FREE RECYCLING DROP-SITES
  - > VAIL HONEYWAGON
- in the communities of:  
TOWN OF EAGLE  
TOWN OF MINTURN

## Regardless of Bins, These Items are Tricky

- these items depend on your stream-  
check the Waste Wizard App for answers

- Aseptic Cartons *juice and milk cartons*
- Cardboard
- Shredded Paper
- Starbucks/other hot cups
- Tin Foil *clean and balled up*
- Clam-shell Containers *plastic fruit & veggies containers*
- Plastic Cups
